

DOMAINE ARMAND HEITZ

BURGUNDY - FRANCE

With around sixty parcels of vines from Beaune to Mercurey, Domaine Armand Heitz highlights the richness of Burgundy's parcels and the diversity of its terroirs. Since 2012, Armand Heitz has also been working with nature to find the right balance between each of the elements that surround it. An environmental circularity for healthy, authentic wines.

Working with nature has always been a fundamental part of my life. It started in the vineyards, with biodynamic farming. But that wasn't enough. It was in 2018 that I realised the importance of diversifying crops to create a harmonious and sustainable ecosystem.

ARMAND HEITZ

WHAT WE LIKE

☒ Their philosophy: constantly experimenting, the Domaine's aim is to encourage environmental sustainability. Allowing the vines to grow naturally. All the necessary elements are therefore added by growing other plants, keeping cattle and, of course, without adding any inputs.

The result: terroir-driven wines that perfectly express all the complexity of Burgundy !

DESIGNATIONS

Burgundy, Saint Romain, Meursault, Chassagne Montrachet, Volnay, Pommard, Gevrey Chambertin, Corton Charlemagne, Chevalier Montrachet, Échezeaux, Juliéas

ENCEPAGEMENT

Chardonnay
Pinot blanc
