

# DOMAINE PIERRE USSEGLIO

SOUTHERN RHÔNE VALLEY | FRANCE

Domaine Pierre Usseglio is a family-owned estate established in 1948 by Francis Usseglio, the (great-)grandfather who came from Italy. Today, the estate's plots are spread throughout the Châteauneuf-du-Pape appellation, allowing for a great diversity of terroirs. Sands, clays, limestone, and the famous rolled pebbles contribute complexity and depth to the wines.

## WHAT WE LIKE

- ∞ The richness of the terroir. The variety of soils, combined with different winemaking methods, aging processes, and expertise, allows the estate to produce a wide range of Châteauneuf-du-Pape wines, each more surprising than the last.
- ∞ Vinification with indigenous yeasts from all plots.
