

# CHÂTEAU ROUQUETTE SUR MER

LANGUEDOC - ROUSSILLON | FRANCE

The vineyard of Château Rouquette sur Mer is established in a prime location that combines the uniqueness of its terroir with particularly favorable climatic conditions for refined viticulture. Nestled among 420 hectares of garrigue and pine forests, the Château's vines are perched on the cliffs of La Clape, between the sea and the mountains.

"From an amphitheater vineyard facing the Mediterranean, on an ancient island with its limestone cliffs overlooking the sea, the wines of Château Rouquette sur Mer have been born, and we invite you to taste them."

JACQUES BOSCARDY

## WHAT WE LIKE

- ∞ **Salinity.** Present in both the whites and the reds, salinity is clearly expressed in the different cuvées of the estate, adding a beautiful freshness.
- ∞ **The diversity of the Clape terroir.** The maritime influence, combined with an alternation of limestone and marl, allows for the coexistence of grape varieties with different biological requirements.

### DESIGNATION

La Clape

### ENCEPAGEMENT

Grenache, Syrah,  
Mourvèdre, Carignan
